INTERESTS

- Finance
  - Stock Market
  - Bonds
- Rooting & Jailbreaking (iOS)
- Numismatics
- Listening to Music
- Playing Harmonium

VOLUNTEER WORK

- Social Media Manager of Humble Humanities -An NGO in Fatehabad, Haryana
- Manages @humlayengechange on Instagram - Radiating positivity in the society.

ACADEMIC EDUCATION

NIIT University, Neemrana, 2017 - 21
Bachelor of Technology in Computer Science and Engineering
Specialisation Area: Cyber Security   7.66 CGPA

Pioneer Convent School, 2017
Class 12

DAV Centenary Public School, 2015
Class 10

EXPERIENCE

Consulting Engineer Intern
Cisco System Pvt. Ltd., Banglore | Jan 2021 - Jun 2021
Going through numerous of trainings for Devnet, CCNA. Working on different technologies like MongoDB, Python and Grafana. Also, got hands on for Automation, Docker and Rest API.

Cyber Security Trainee (Training)
i3Indiya Technologies, Noida | Dec 2019
Scanned for the targeted machine and exploited the machine to get into privilege escalation mode. Learnt to conduct and repel DDOS attacks (SYN Flood) and WIFI Hacking (using aircrack-ng). Scanned websites for vulnerabilities and performed SQL Injection attacks.

AWS Intern (Training)
CETPA Infotech Pvt. Ltd. | Jun 2019 - Jul 2019
Developed and hosted a website on AWS using Wordpress. Deployed the Chatbot based on Python and JS on S3. Optimised the cost and scaling of the EC2 instance. Also, configured Security groups for allowing or revoking access to or from a particular port or IP address.

PROJECTS

Hashiy (#iy)
HTML,CSS, JS | Jun 2020
Using the MD5 hashing algorithm, Designed a live project to encrypt plain text using MD5 algorithm into hashes.

TicTacToe
HTML,CSS,JS | Jan 2020 - May 2020
Designing a web app for the TicTacToe game having the functionalities like Background sound button, On click sound and a clear UI for the users. Also, make different modes for the game like Player 1 vs Player 2 or vs CPU displaying the individual scores as well.

Chatbot as a Plugin
JS, Python, HTML | Jan 2020 - May 2020
Designed a chatbot that can be used on any website by dynamically scraping the data of the web page. The chatbot has been trained on a vast volume of data and includes versatile functionality such as text-to-speech and web security

Hospital Management System
PHP & MySQL, HTML, CSS | Sep 2019 - Nov 2019
Designed an end-to-end management system for the organisation of hospital data. The system can manages different data points for patients and is fully GUI accessible

ACCOMPLISHMENT

The BizzAlytics Society   *Co-Founder, Finance Co-Ordinator*

The BizzAlytcis Society is an endeavor to bring together the complex yet rich worlds of Finance, Marketing, Analytics, and Consulting.

TEDxNIIT University   *Head of Finance, Operations & Production*

Handled the finances and inventory. Acted as a negotiator and looked into the smooth operation of the events.

ingeNUity'19 (Cultural Fest)   *Head of Production*

Handled various aspects of operations, procurement, transport as well as a team of 15 volunteers across the 3-day fest.
